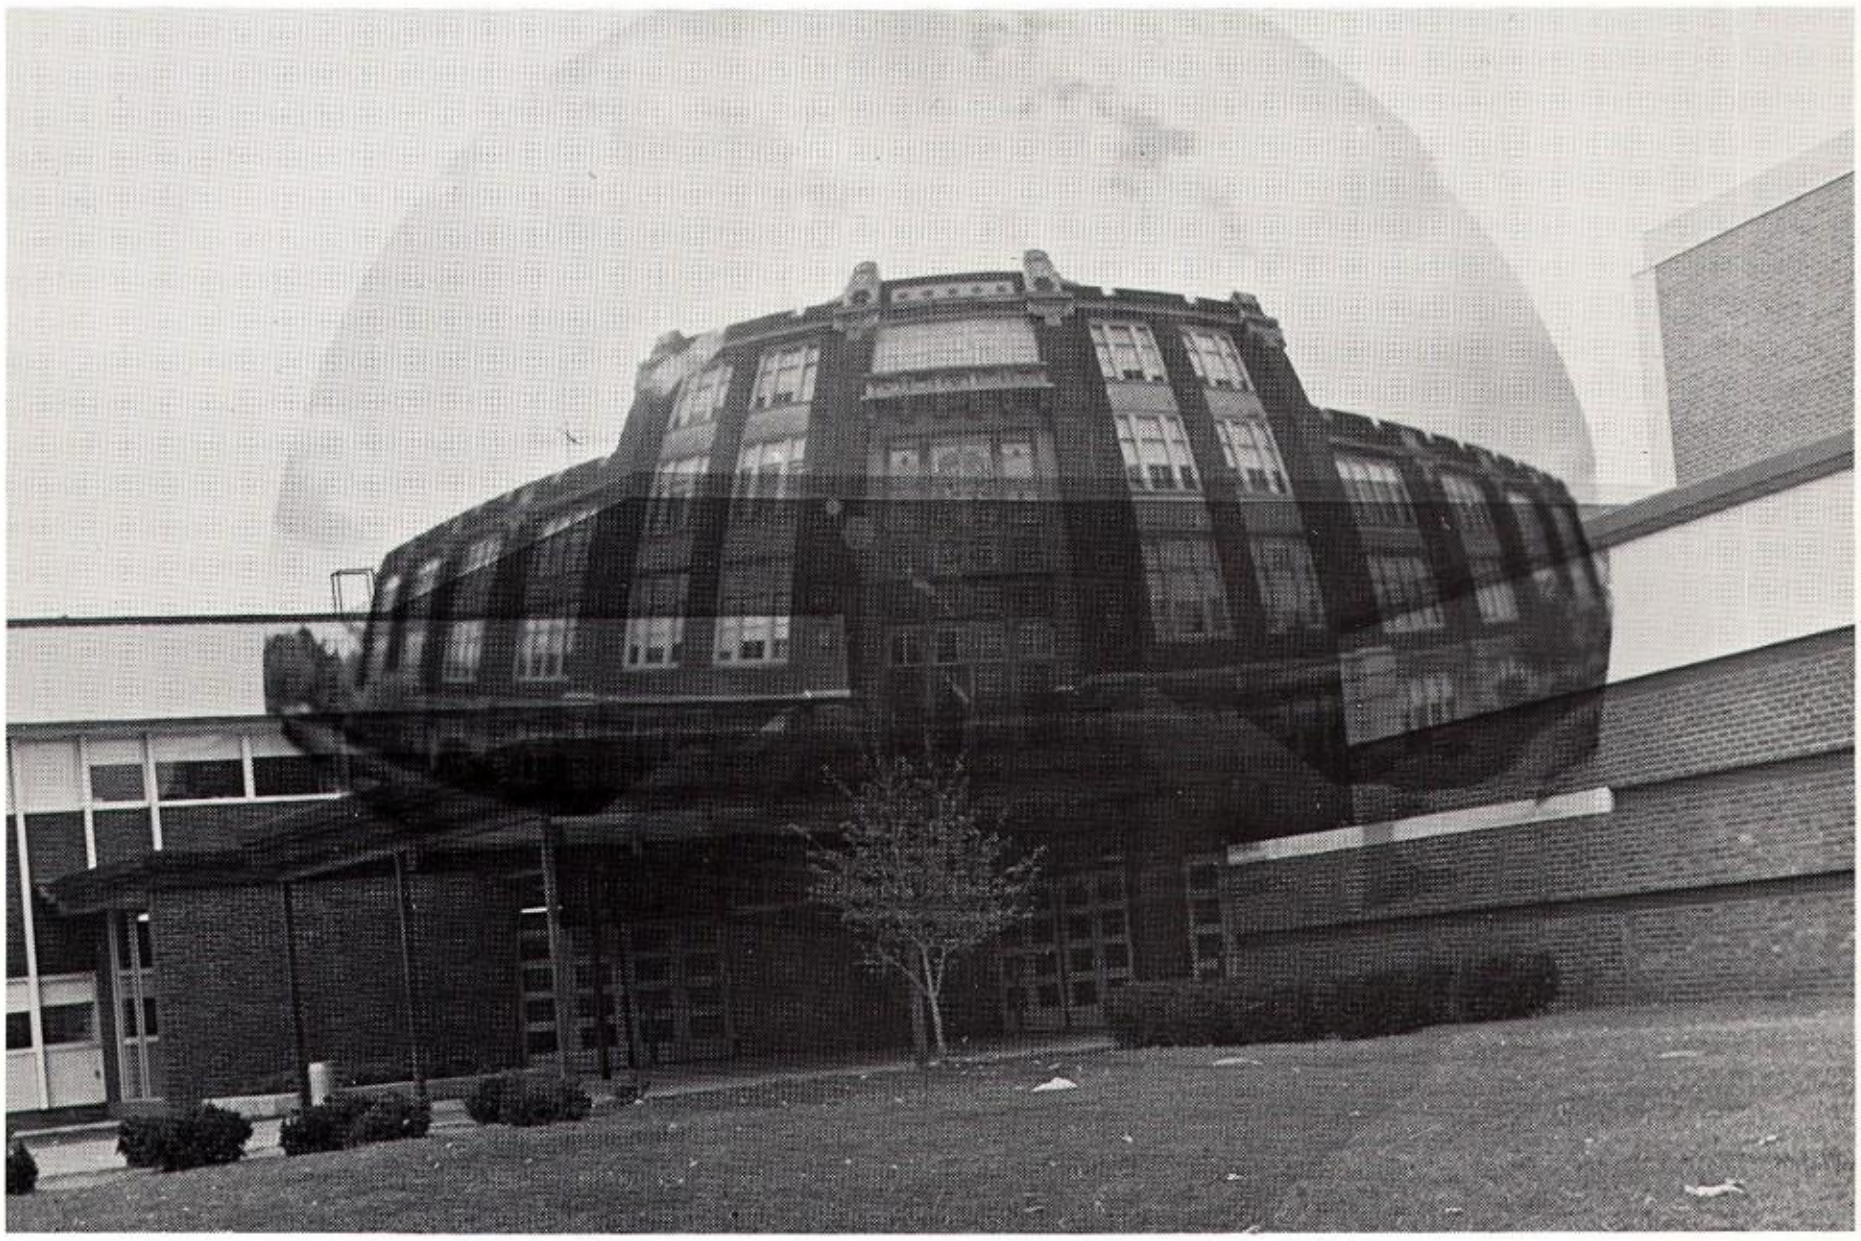
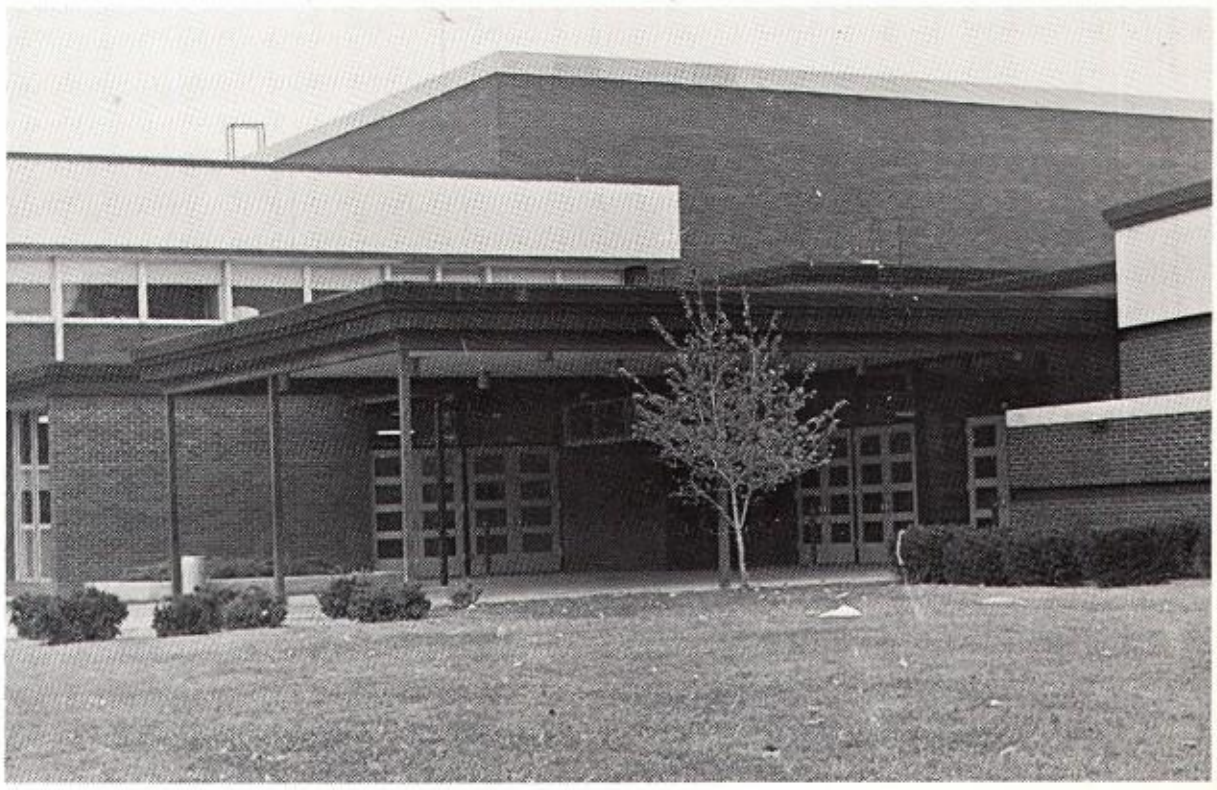
Come Together

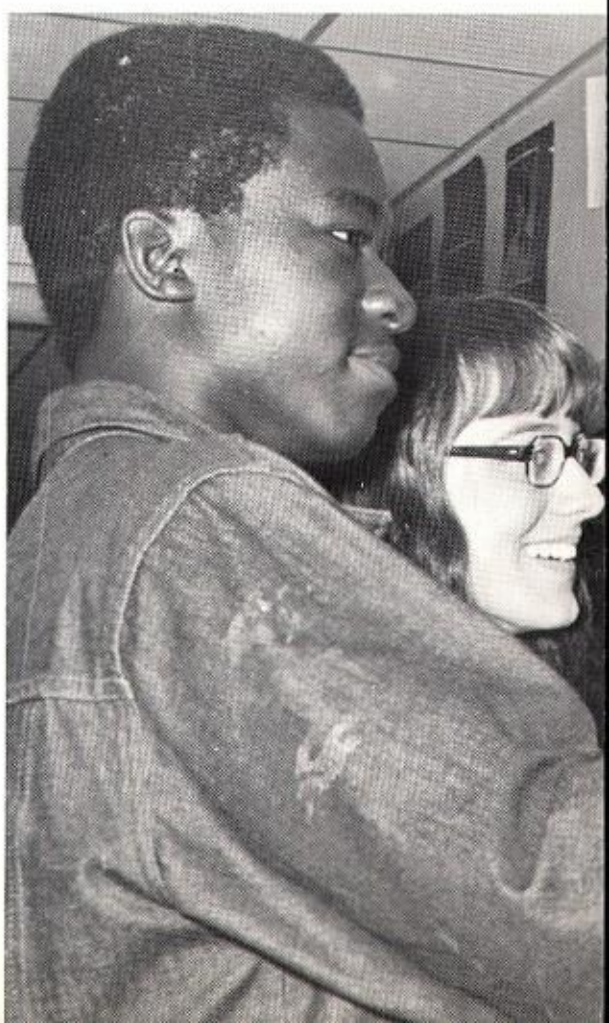
Lantern 1971
LaSalle High School
South Bend, Indiana

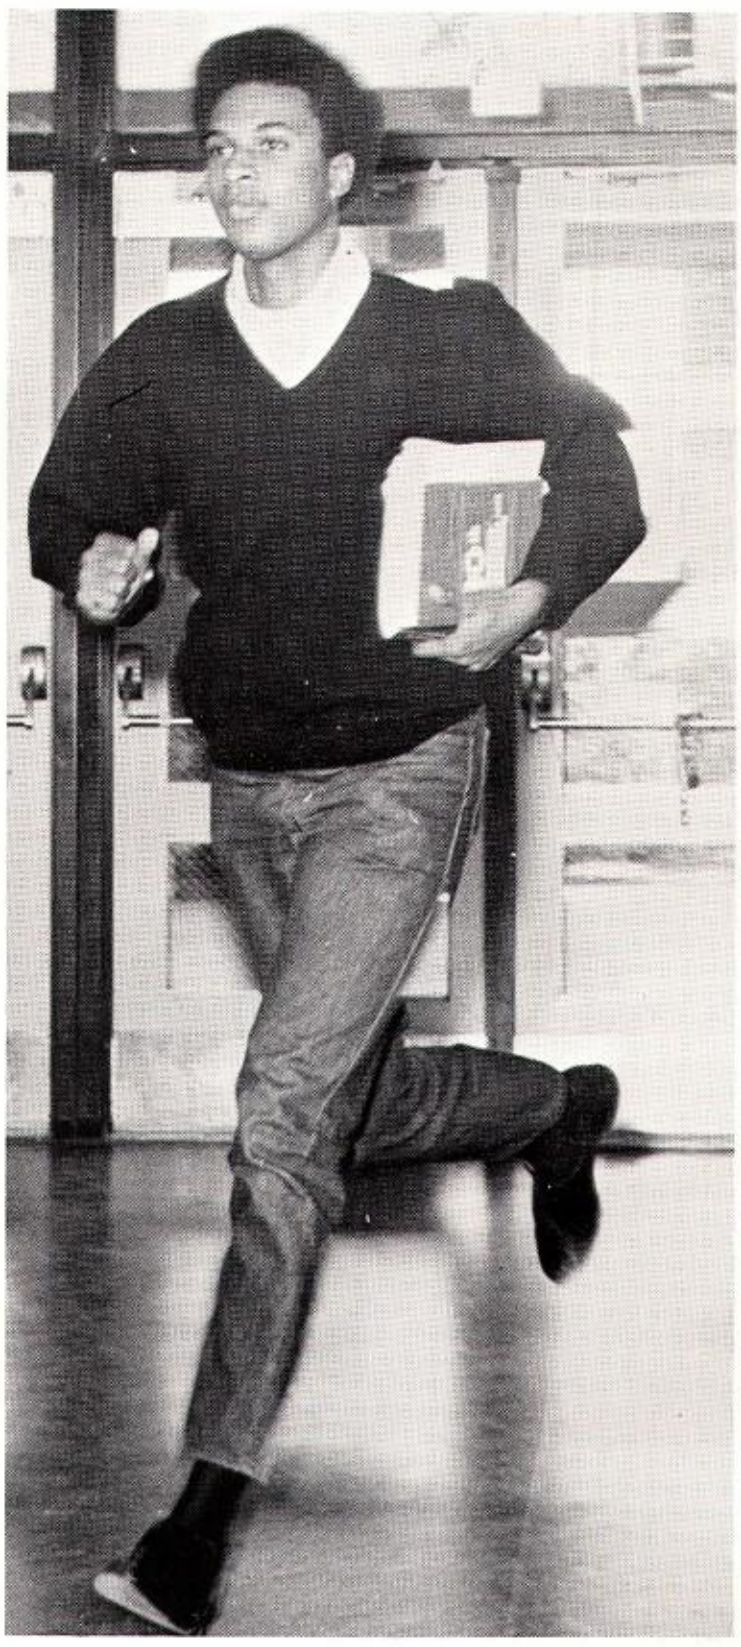


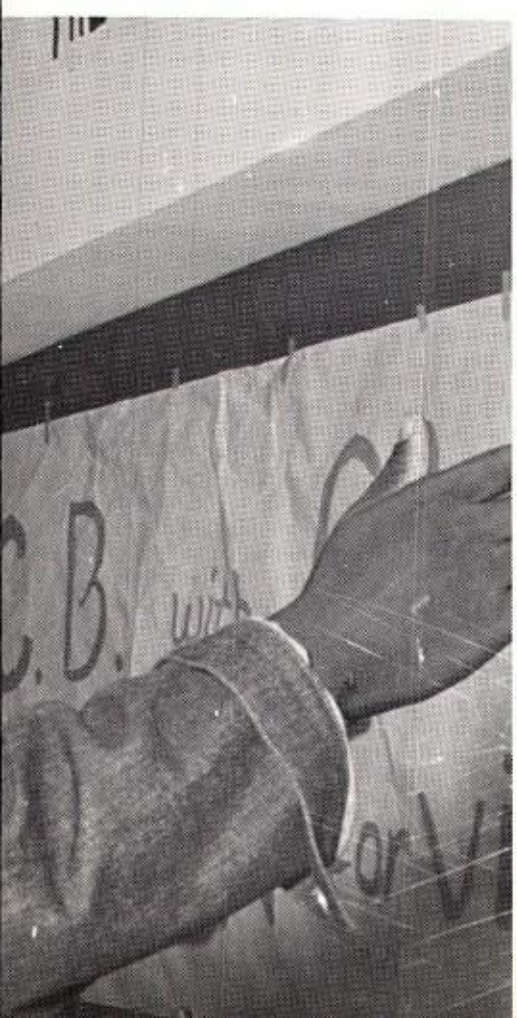


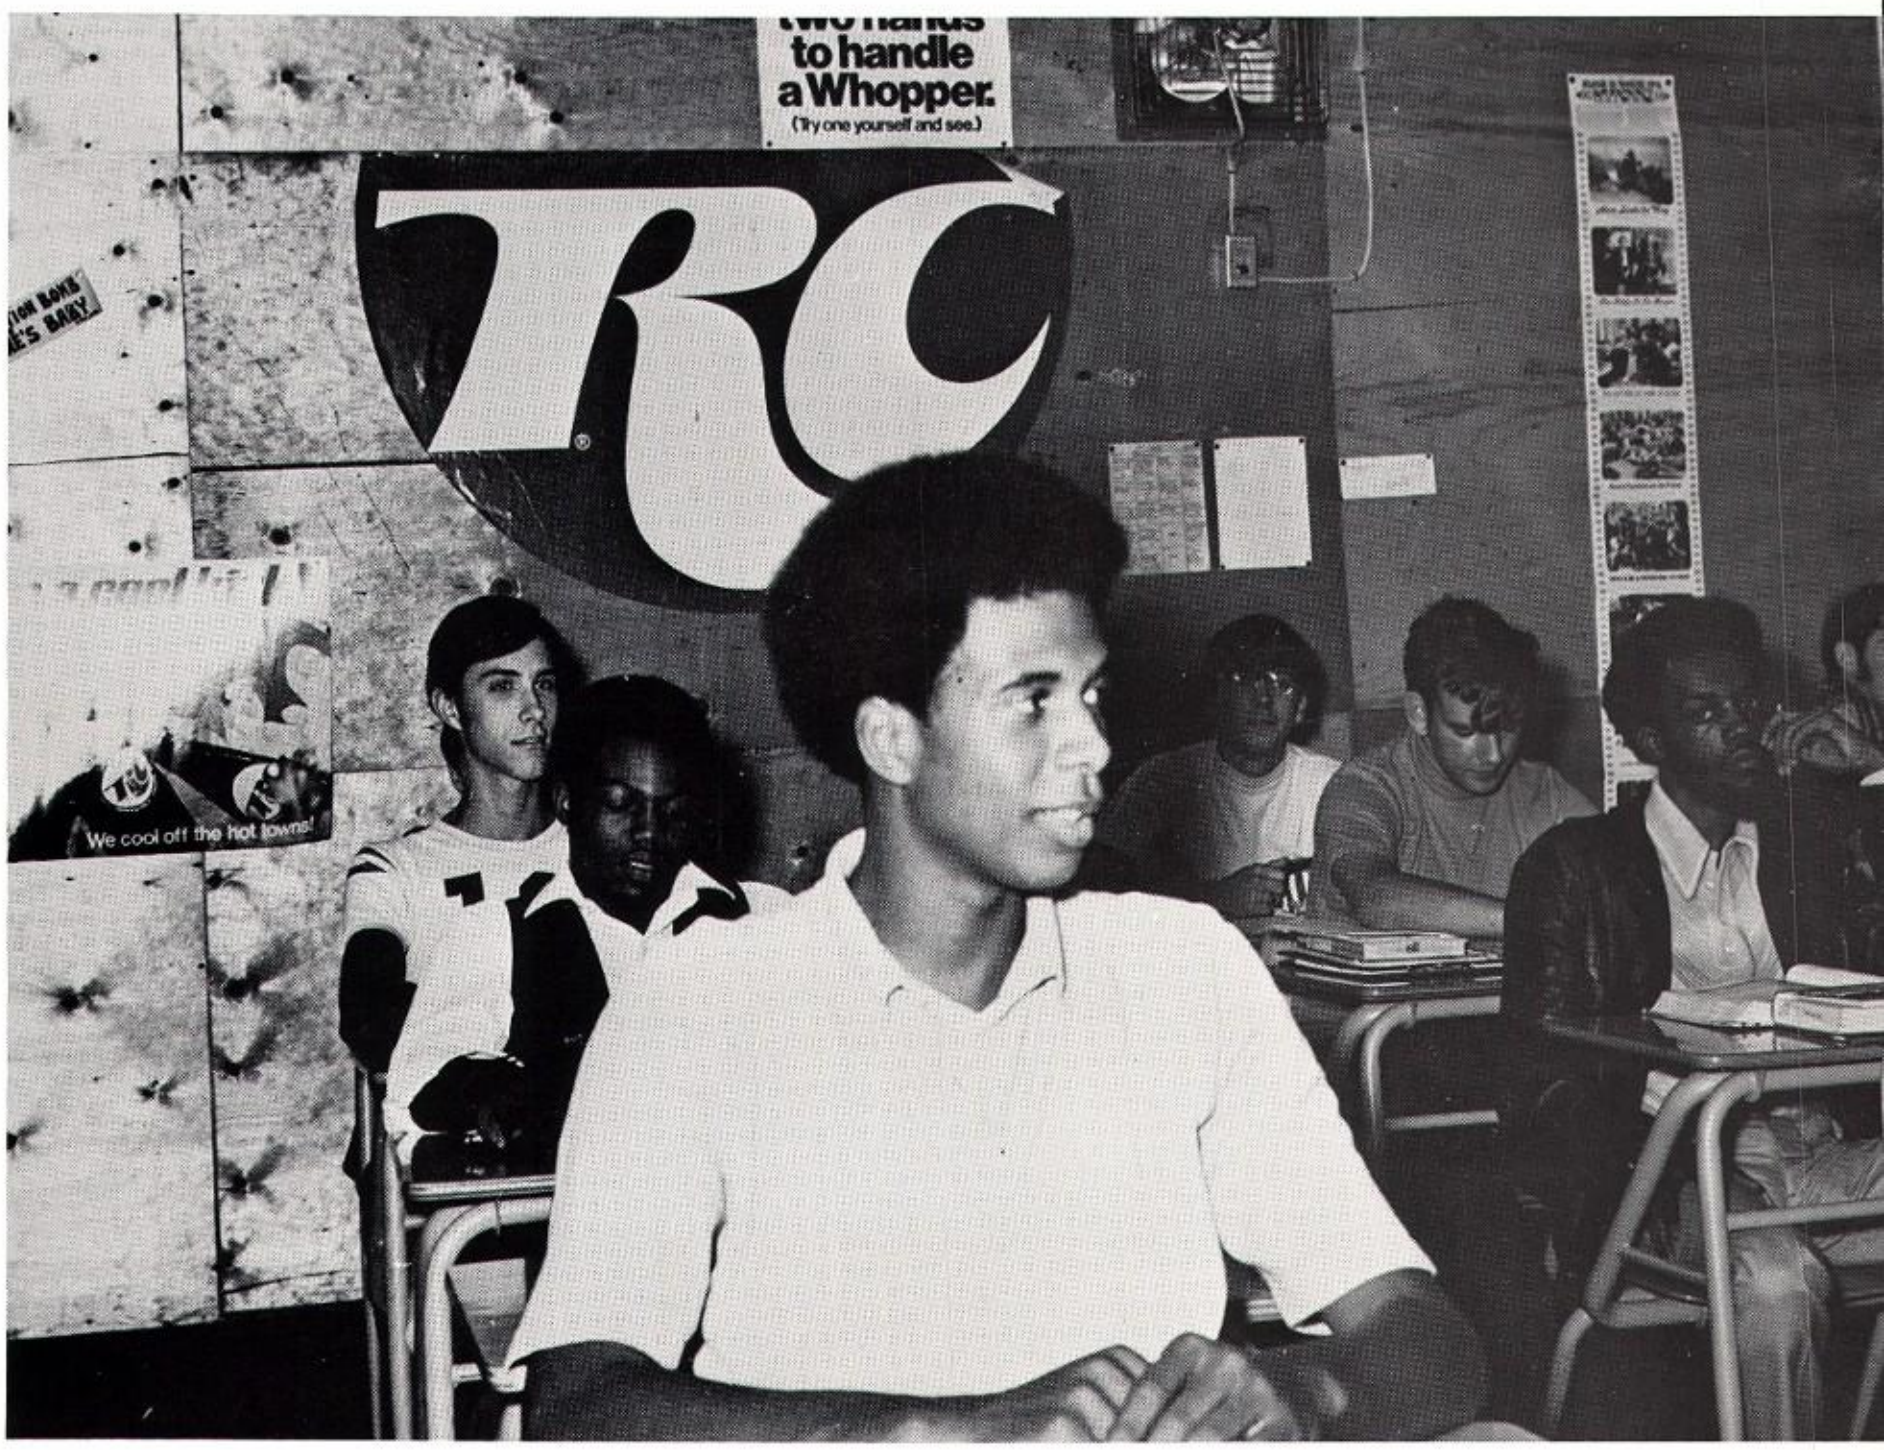
A feeling of reaching
stretching towards
an unknown
place—
at last
we touch
a current flows
uniting us.
we find
a small hint of what
is our goal
reaching out—
straining
at a hazy sun, **we**
are coming together.

let us run together
into the light
let us run
black and white
holding hands
touching thoughts
seeking truth
we run
and together we lift our faces
to the same sun.









to handle
a Whopper.
(Try one yourself and see.)

UP

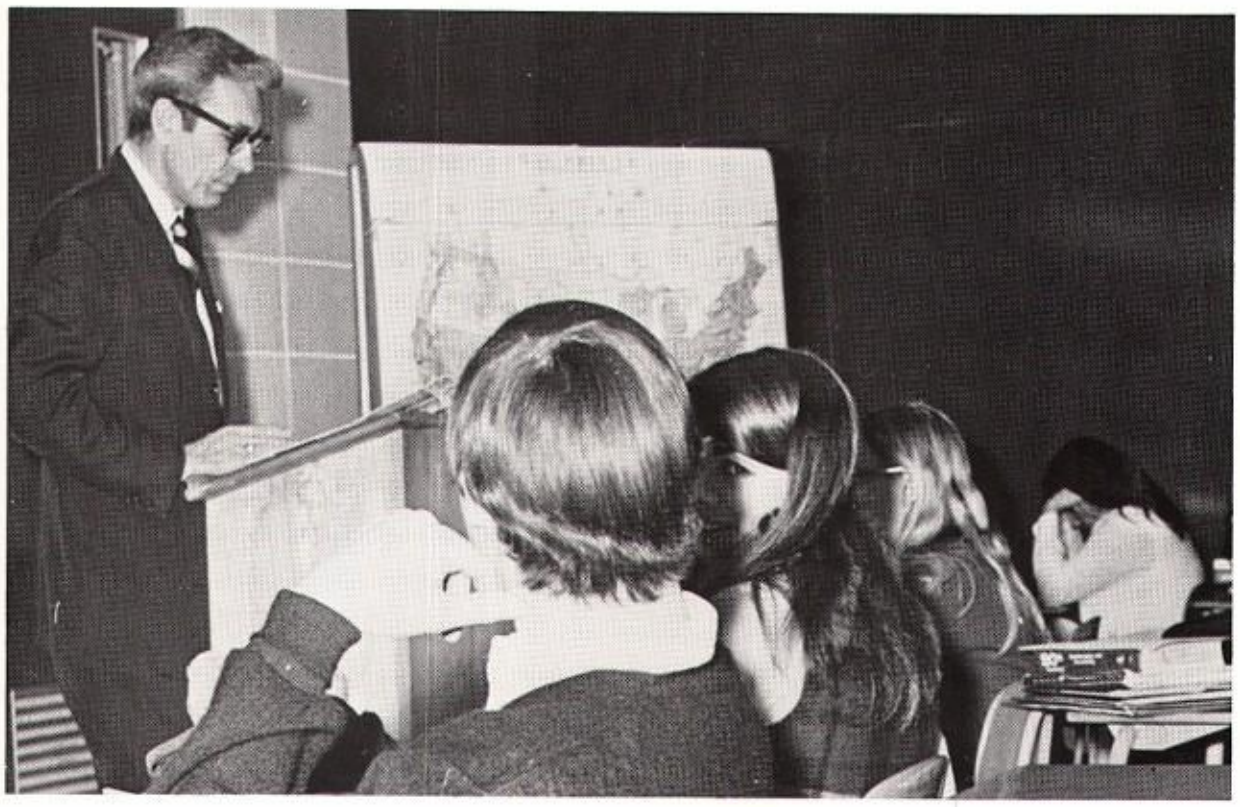
There is no time
(for regrets)
(for looking back)
our lives
go by at superspeeds
things we look forward to
already happened
yesterday
there's no time to heed
the writing
on the wall
before its
repainted or
torndown
funny no one ever writes on
new walls
until the day before
its going to come true.

The 1970-71 Football Homecoming Court and escorts: Peggy Caenepeel and Jeff Forgash, Colleen Fiedler and Brad Frank, Jaci Hires and Dick Dalke, Peggy Kroll and Dennis Gadacz, Jackie Sweet and Dave Kosinski, Jan Newman and Mike Lewis, Blandett Jackson and Greg Carter, Linda Glaser and Steve Frank, Diane Delaney and Jeff Moritz, Debra Austin and Larry Ward.

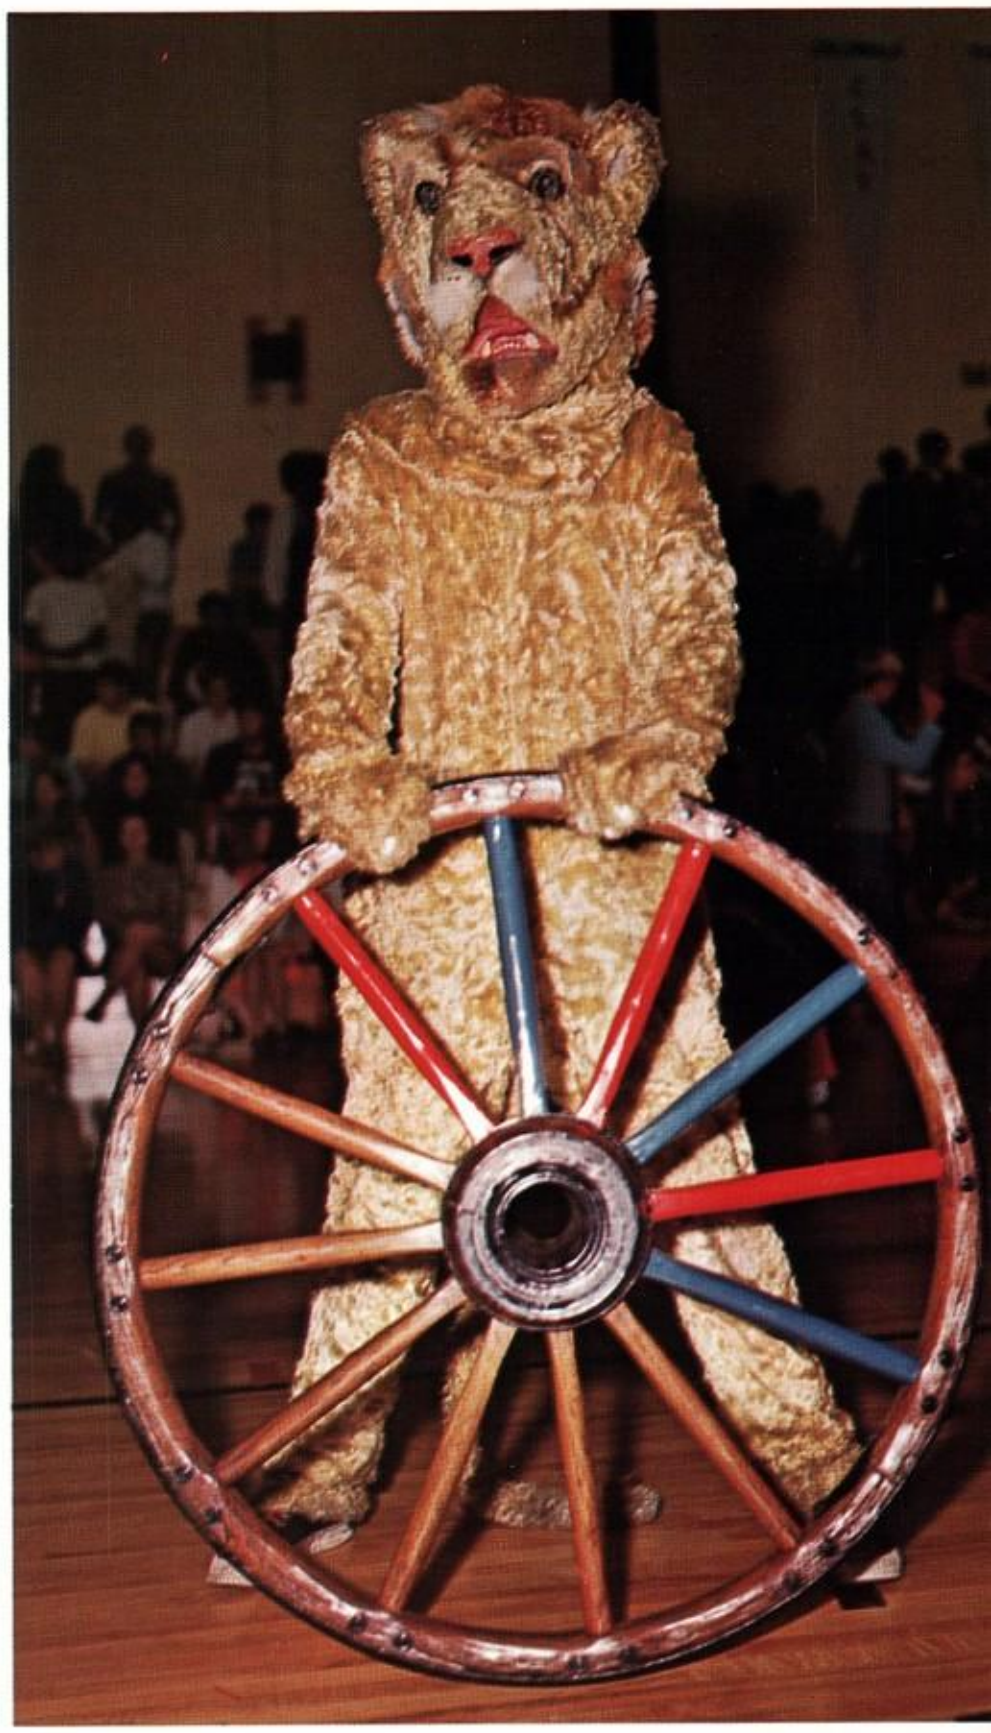
One
moment, one
burstsecond
one shinysweet
sunbubble
of happiness—
tears/wet joy
in splitminutes we live
our kaleidescope highs.

Above: Lloyd Haynes raps with students and teachers about our ideas and problems.

Sometimes we get apart
and lonely and forget to listen
(to each other)
(to ourselves)
sometimes we go through our
people jammed halls feeling
a loneliness
possible
only in crowds.

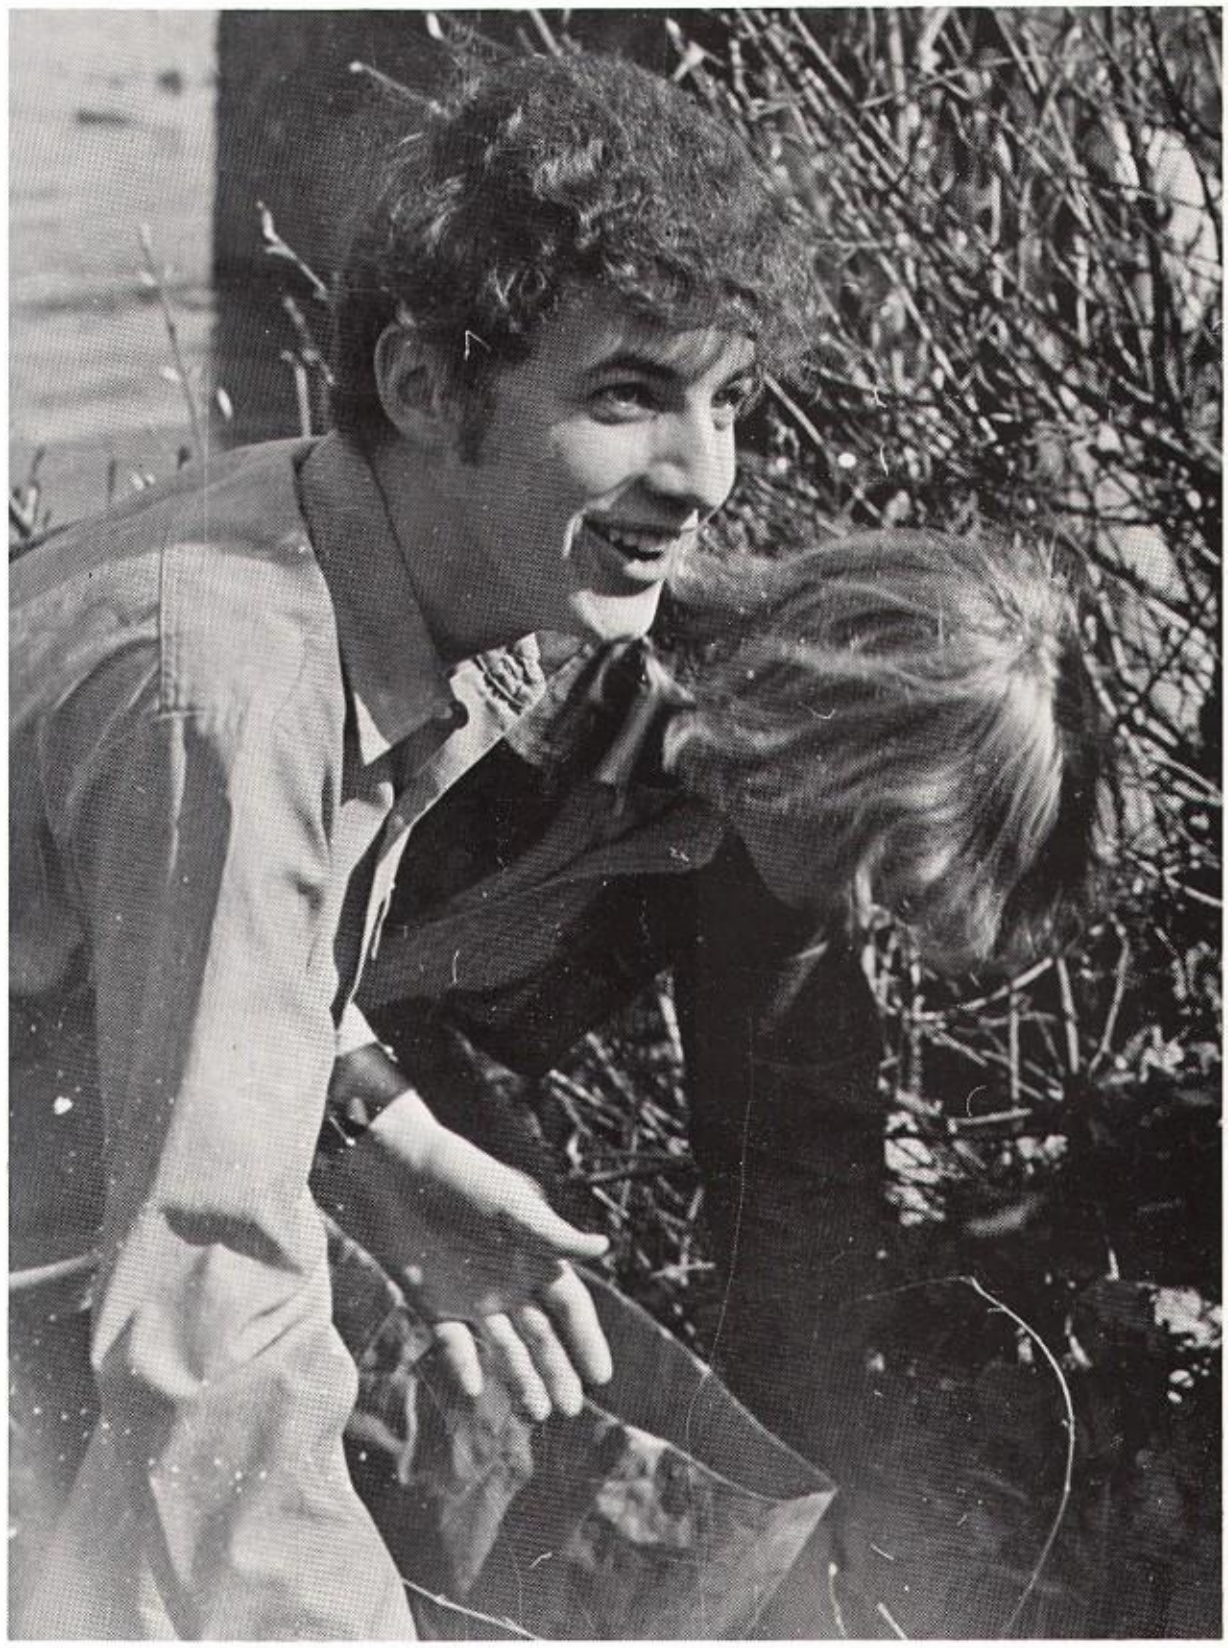


Sometimes people can
come from outside and tell us
that within us
lies a towering song and that
we could sing it
we want to believe he understands
so we try to listen
so we can talk
(so we can sing).



I stand in the
crowd looking out
at the team
at the band
and notice (funny) how
they seem unified
how can
it be?

Suddenly, I see us
standing here
yellfighting
in one time, one voice
we know what the guys meant
when they said let's
get it together,
people.



Looking down a dark
empty hall—quiet and sterile
the walls
cry out their lonliness
the floor begs for footsteps
the air for some sound—
at the end a glass door
sunstreaming
in
but the light can't seem
to drown
the silence.

Being in a field
surrounded in sky
running at lightspeed and
shouting out
at the people
looking through windtears
at the grassgreen blur
falling down sunsoaked
(dandelionbutter stained)
reaching
to capture marshmallow
cloudthoughts going
slowmotionly by.

we live
a waterworld of silent
bumping
no soundbut vibes felt
and made aware ——

a waterworld of silence
where water muffles sound
vibrations felt
a waterwarworld.
Screamyour hate and
let it dissolve.
then let you bump and touch
and let vibes sound love. cinda

Representation for Students Achieved

The Student Government, a new concept at LaSalle, was installed permanently as a representative institution of the students. With a constitution as a guideline, the newly-elected Senate and House of Representatives members will begin to develop their ideas and methods. When fully functioning, the Student Government will hope to make policy decisions on issues concerning the students by working with the school administration.

Right: During a regular meeting of the Student Government, members listen intently to the ideas discussed.

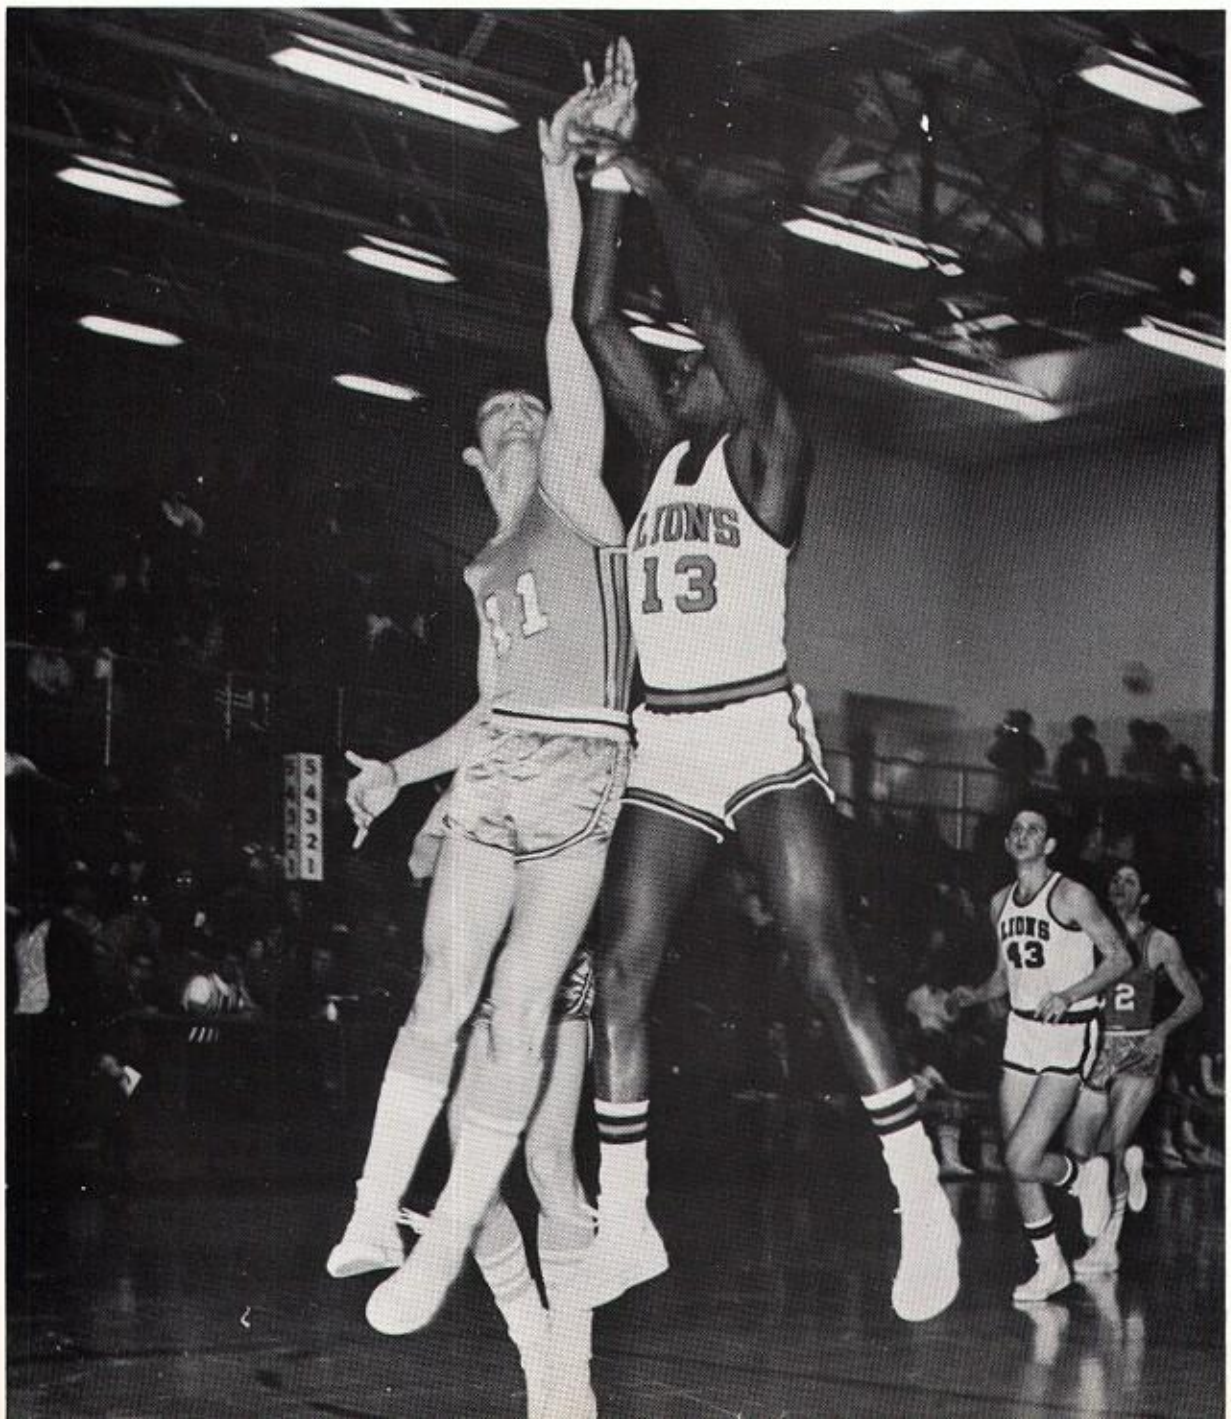
Climaxed by the Crowning of a Queen



Homecoming holds different memories for each person. For those involved, the pagantry and suspense made that once-in-a-lifetime feeling all too real. To the seniors, the event held a special meaning, but everyone shared in the excitement.

Spirit, Enthusiasm and Pride . . .

The Booster Club at LaSalle did a remarkable job generating school spirit. Signs like the one at the right encouraged students to support their team. Apathy Ends Here, not only here, at the gym doors, but here, 1971, the year marked as the start of a new tradition of school unity and pride.

Drama Flourishes Despite Setbacks

The Drama Club's only production of the year was Julius J. and Philip G. Epstein's "Chicken Every Sunday", from the novel by Rosemary Taylor. Due to the construction it was necessary to cut the play season short. Both actors and the stage crew worked especially hard to make it a true success. Mr. Jerry Stover, drama coach, strived ceaselessly again to assure absolute perfection.

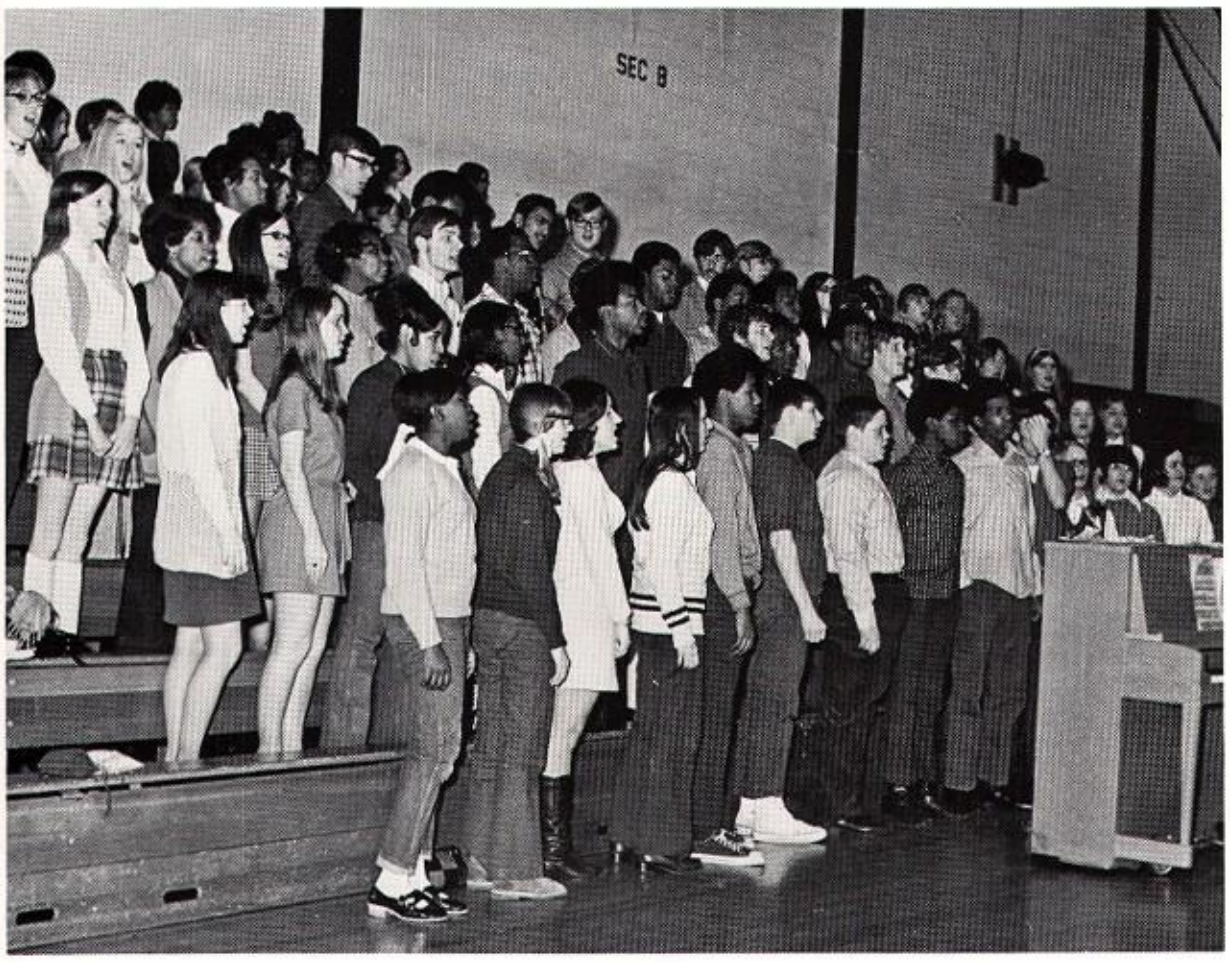
Halls Alive With Sounds of Music



Displaying their talents and versatility, with songs ranging from the spiritual to the contemporary sounds, the LaSalle Glee Club performed on numerous occasions throughout the year. Among the highlights in another great season was the participation in the all-city music festival, Motion and Commotion. Many hours of concentrated effort went into developing an excellent performance, but the singers were amply rewarded with a wonderful reception.

Staff Displays Journalistic Abilities

The Explorer staff at LaSalle performed the important job of relaying school events to the students. A difficult task, it took several long hours to put together a paper, and weeks of planning for each issue. The staff did a fine job in reporting true, relevant stories, and most important, on time.

Performing in A-Major Role

The combined traditions of two great music schools has brought an added dimension to the LaSalle High School band. The accustomed blue and orange of some band members has been replaced by scarlet and black as former Centralites adjust to their new home. All members enjoyed a feeling of unity that went into making the band a precision unit.

X-Men Finish
7 Win Season

What is cross country? Many do not realize the effort and work that goes into this little known sport. The runners do not start when school does, but preparation begins into the early weeks of summer. From the time they start their season till they end, the striders travel nearly 500 miles each. The meet is held on a golf course or an area that is varied in surface. The runners follow a two mile path for the event.

Legs With Wings

Coach Rzeszewski: "With the nucleus of returning lettermen I feel that we will regain the NIVC in cross country next year. Still looking for strong 4th and 5th place finishers."

This is LaSalle's first year of competitive tennis. With two returning lettermen from Central the team was able to compile a 2-5 record. The netters met every night after school and practiced at Leeper Park, their home court. The inexperienced squad, with this year's growing pains behind them, has hopes for a prosperous 1971 season.

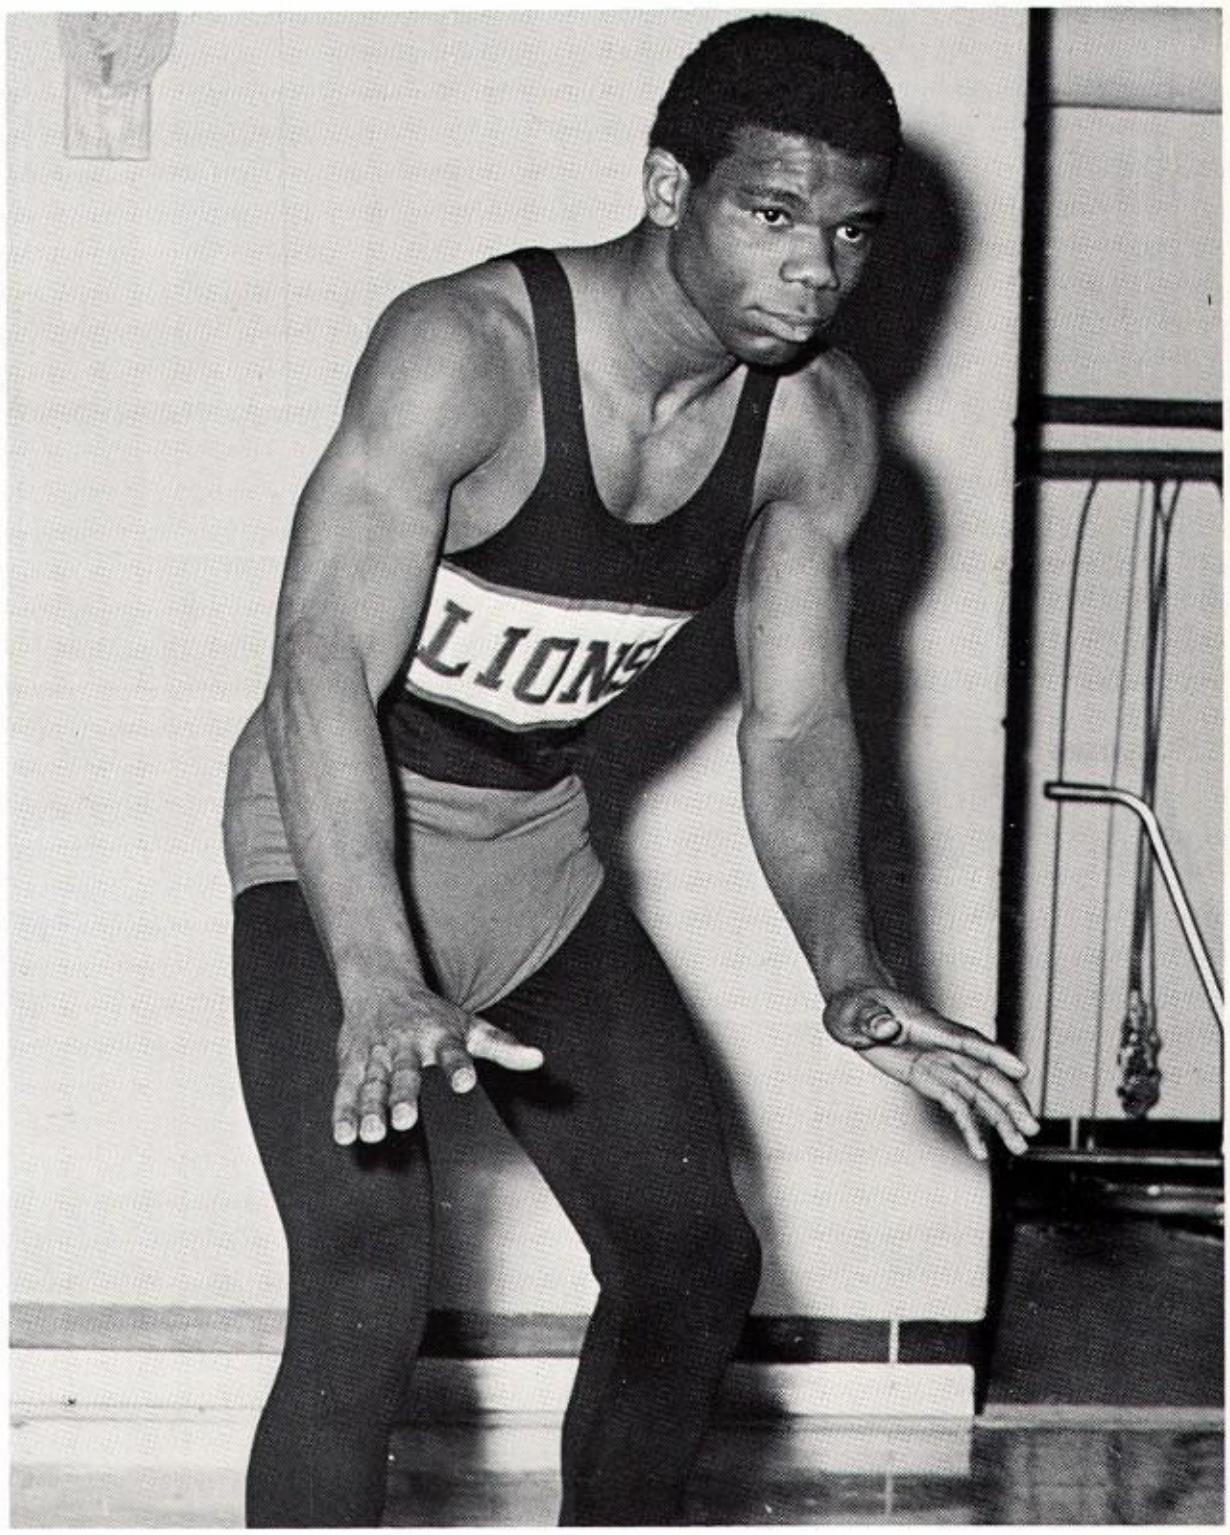
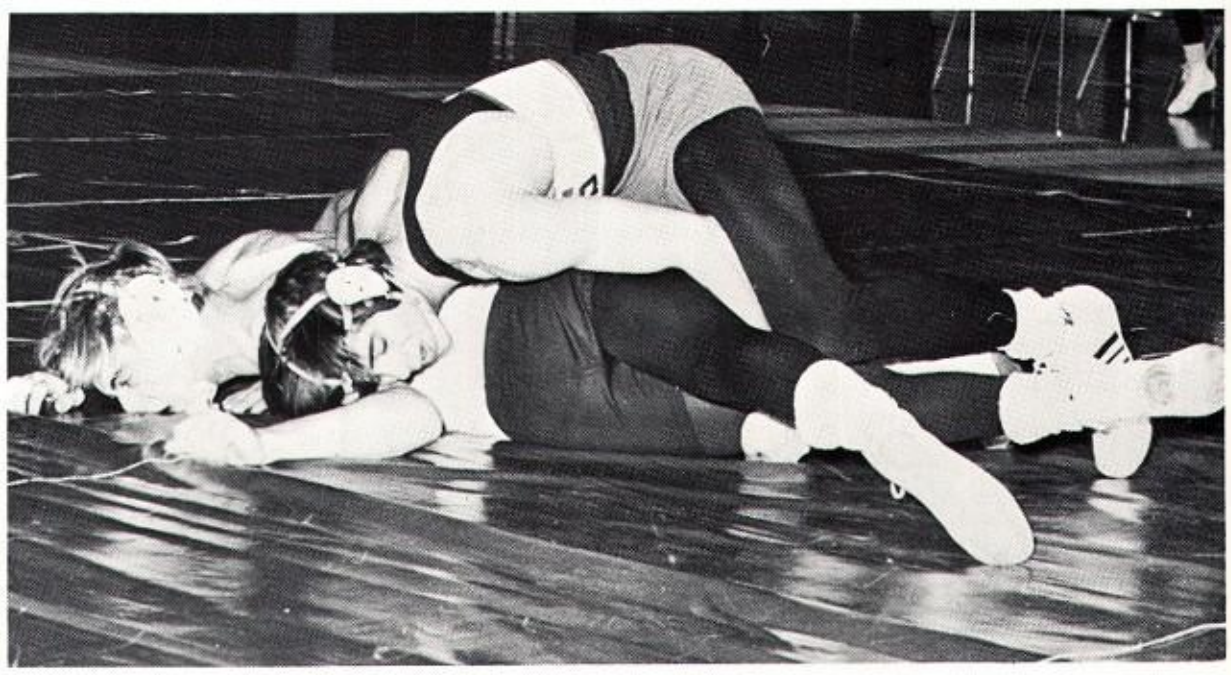
Bernie Hill: Second At State

The wrestling team started the year with much hope and many new faces, among them a new coach. It didn't take long for the new faces to become familiar and the hope common to everyone.

Practice at times was a drudgery and the work was gruelling. Even the best of friends were at each other's necks. This is the way it needs to be for success to come out of the work. As the season progressed the successes came, the practices had paid off. When the wrestler stepped out on the mat all the difficult days were out of his mind, but he reflected the effort he exerted during those days in his success or failure on the mat.





Above: Bernie Hill assumes the firm stance that took him to the finals in state competition. **Below:** Greg Rodick grinds his victim's face into the mat.

Problems Plague Tankers

This year's varsity swim team was represented by many new faces. Foremost was that of new coach, Ron Eberhard. Coach Eberhard put together a respectable team this year with a good nucleus for next year. As Coach Eberhard gains experience and develops the underclassmen into strong swimmers, there is little doubt that LaSalle tankers will become one of the better teams in the city.

The tankers were led this year by captains Dan Altman and Don Miller. Dan set a school record in the 50 yard freestyle. Don specialized in the backstroke. Two other top seniors were Ken Luzney, high point man, and Bob Cerney, the only member of the team to qualify in the sectionals.

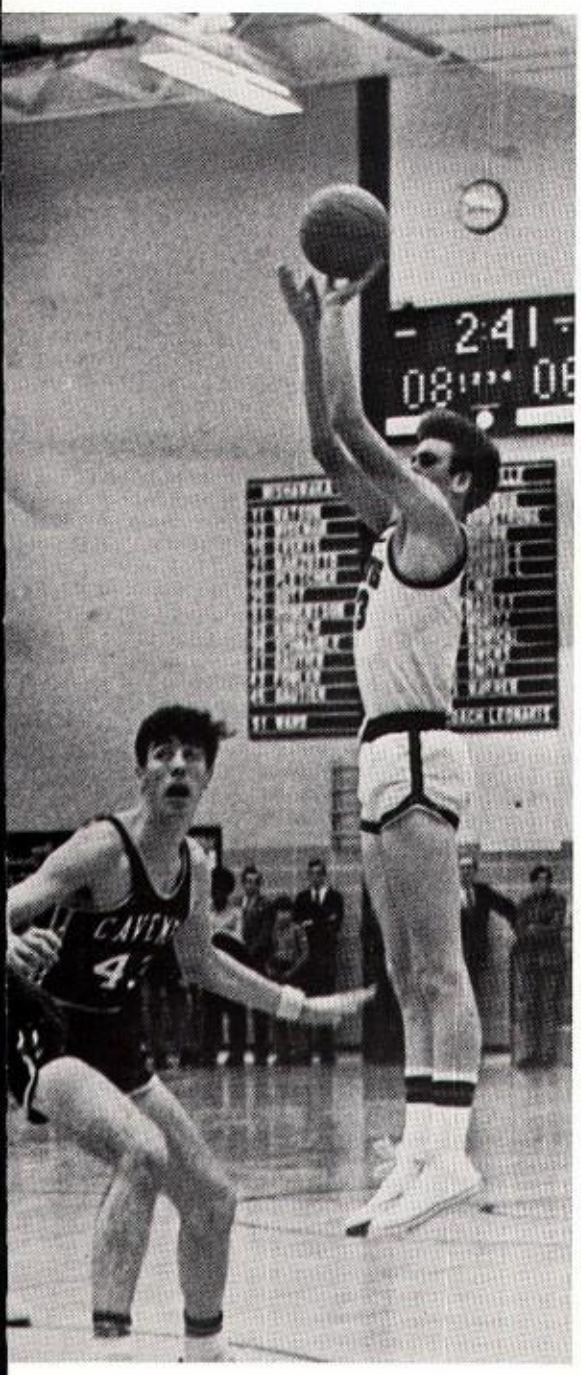
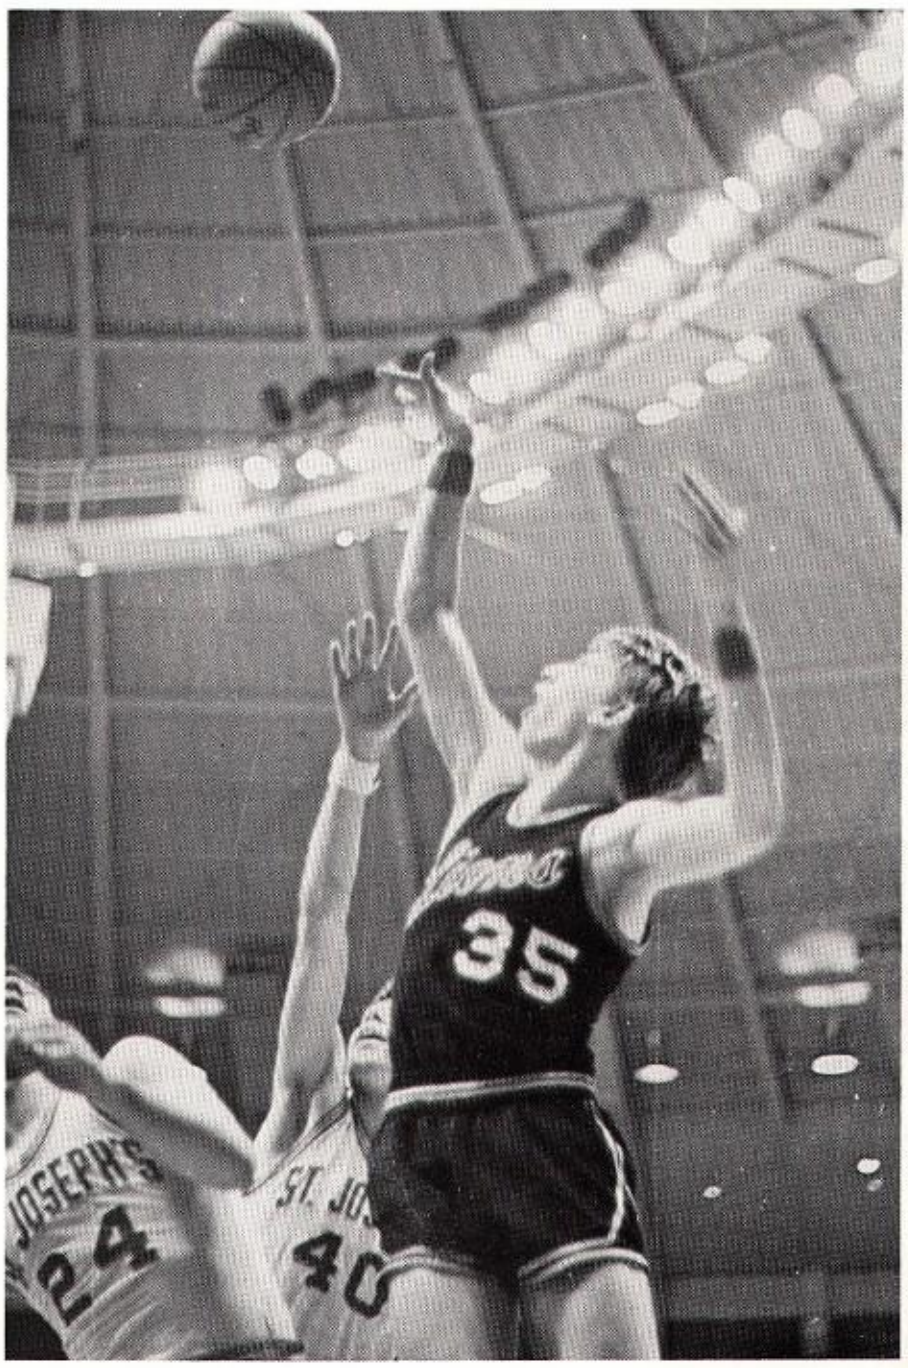
The Unsinkable LaSalle Lions





The 1970-71 varsity basketball team achieved unprecedented accomplishments for LaSalle. The cagers won LaSalle's first undisputed conference title, beat Michigan City for the first time, and was ranked in the top ten in the state—number four at the end of the season. The season saw the Lions win clutch victories over Adams, Penn, Riley, Michigan City, and St. Joe. The Lions had their first twenty-win season, finishing the year with 21-3.

Juniors Attain Knowledge

The 1970-71 Junior Class Officers: Doug Rodick, President, Jan Cassels, Vice-President, Gerry Temple, Secretary, and Dave Norary, Treasurer.

This year the juniors found new unity and friendship blending together with former Central students facing new responsibilities together, with one main goal, the junior prom. The resourceful juniors came up with a new idea at LaSalle for making money, selling pizzas, and were quite successful. Using the seniors as examples, the juniors prepared themselves to carry on senior traditions.

Sophomores Gain Prestige

Even though they left last year as freshman behind them, the sophomores had to face another year as being the youngest at LaSalle. They were not the only ones to become lost as new rooms appeared everywhere. With their experiences of last year to guide them the sophomore class prospered in meeting friends and taking new courses.

What is life
if not
something of a
ladder
what is of importance
if not
to go higher
where is there to look
if not
to the sky
where is there to fall
if not
down
how could we change
if we couldn't
move on
what enjoyment would there be
if
we couldn't look back
where we've been
And what happiness
if not to enjoy
where
we are
together now . . .
soon alone . .

Sometimes
it's nice just to sit
in a basket and smile
or to stand in the rain
and get wet

or to reflect

on good times
and it's enough just to
be still and someday
we'll look back again
and be glad
that we took time out
to remember and
to sit in a basket
and

to enjoy . . .

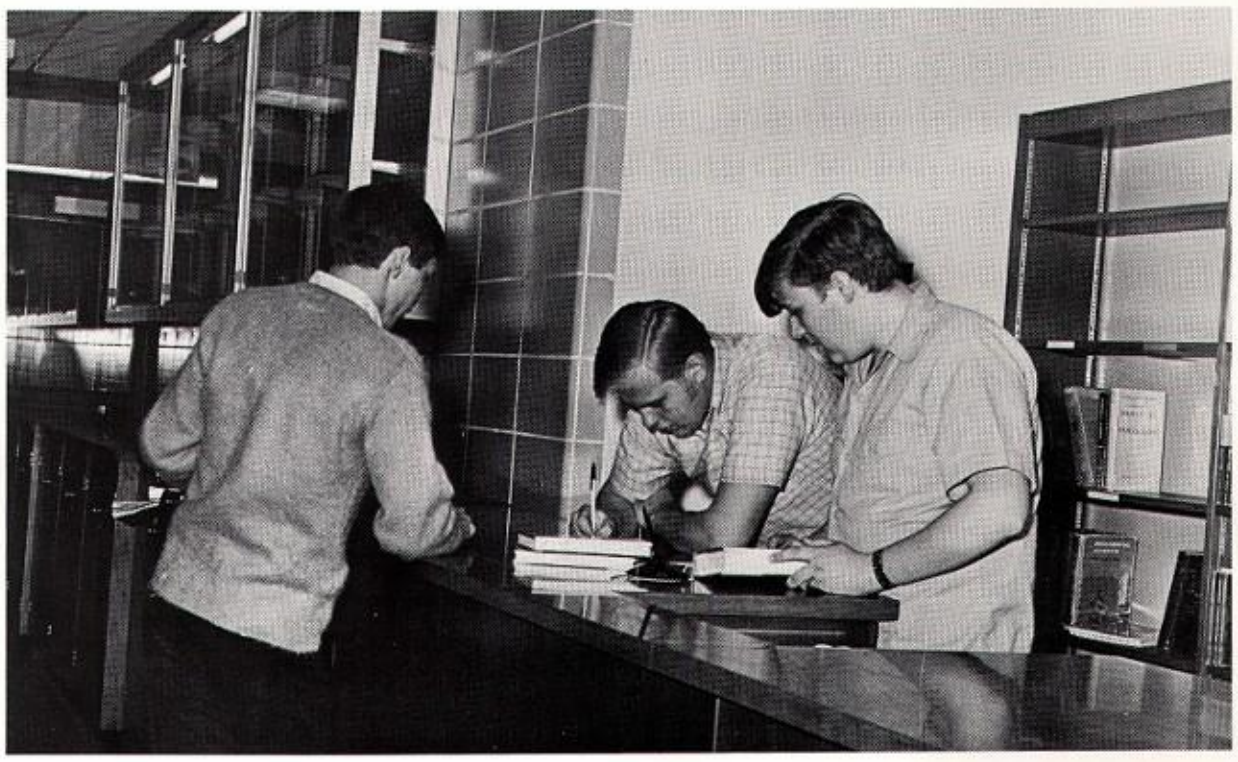
DON'T TREAT HER LIKE DIRT
BUY HER A SHIRT

We run towards the light
alone and together
finding ecstasy in
being
and knowing we can find
truth
and smiling—

We walk
  and are followers
and leaders
  each in turn
puzzling over obstacles
and later
  reflecting on other moments
and smiling—

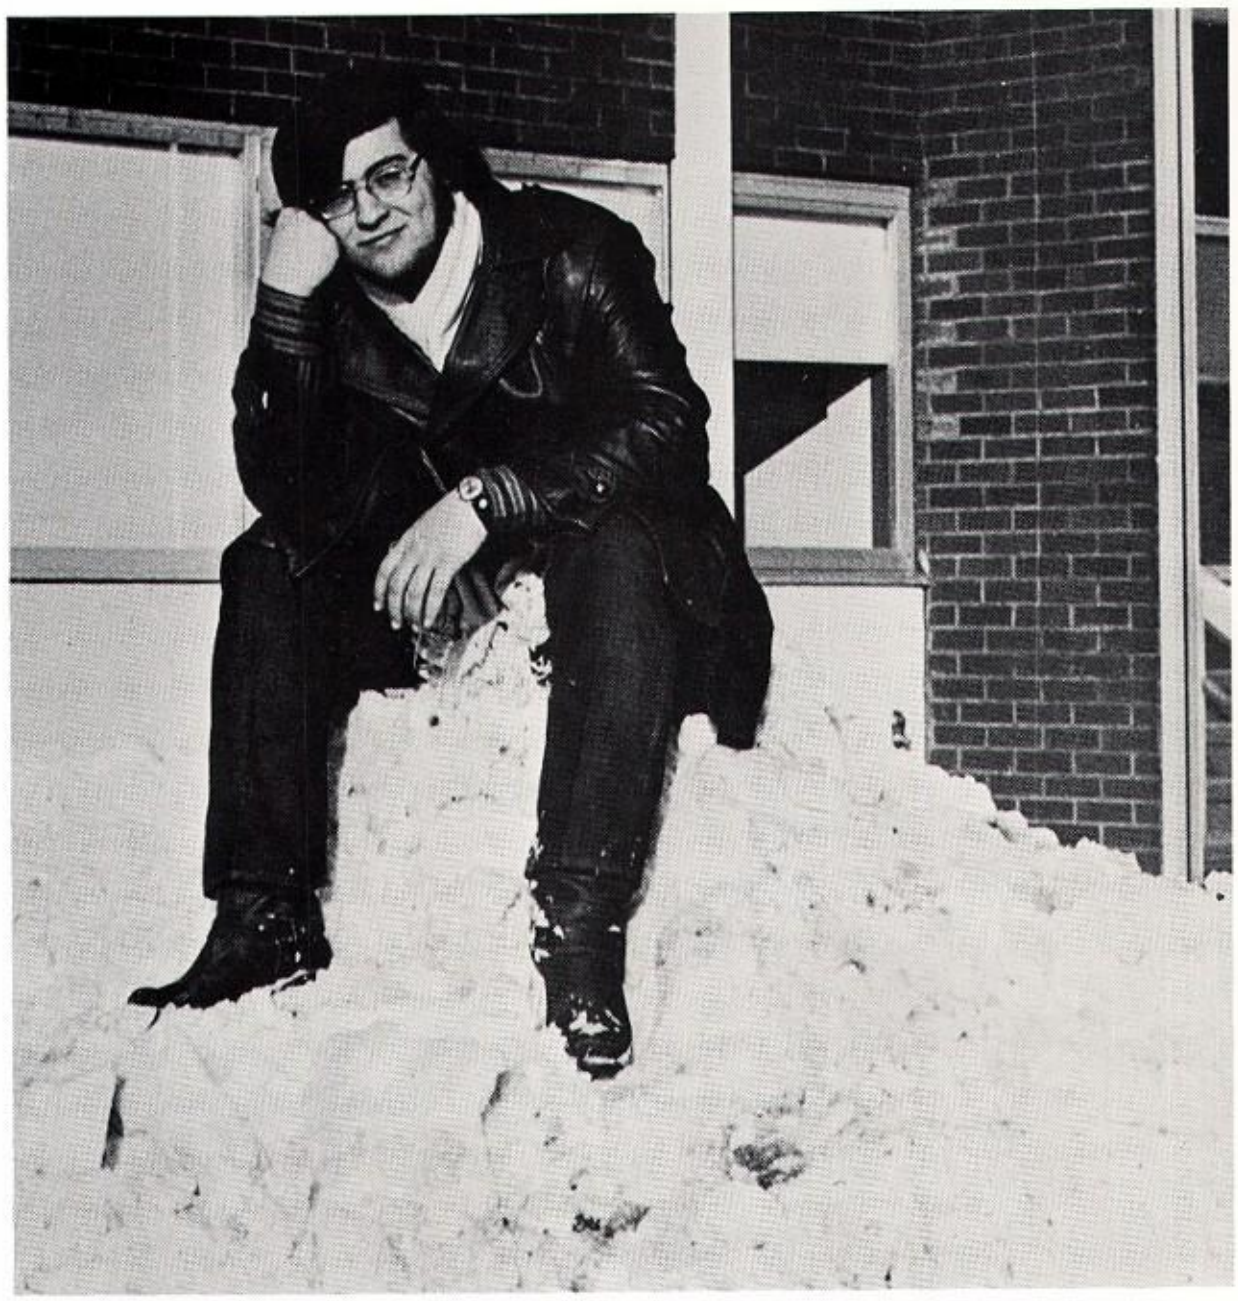


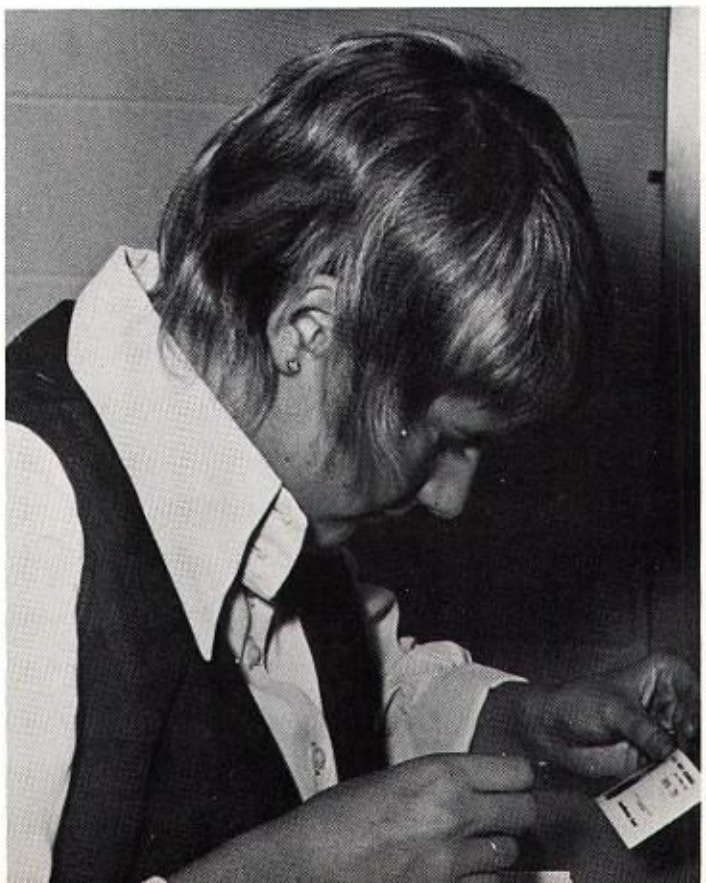
We hurry
  frustrated and eager
to change
  and be changed
pausing to enjoy the
    golden things
and laughing—

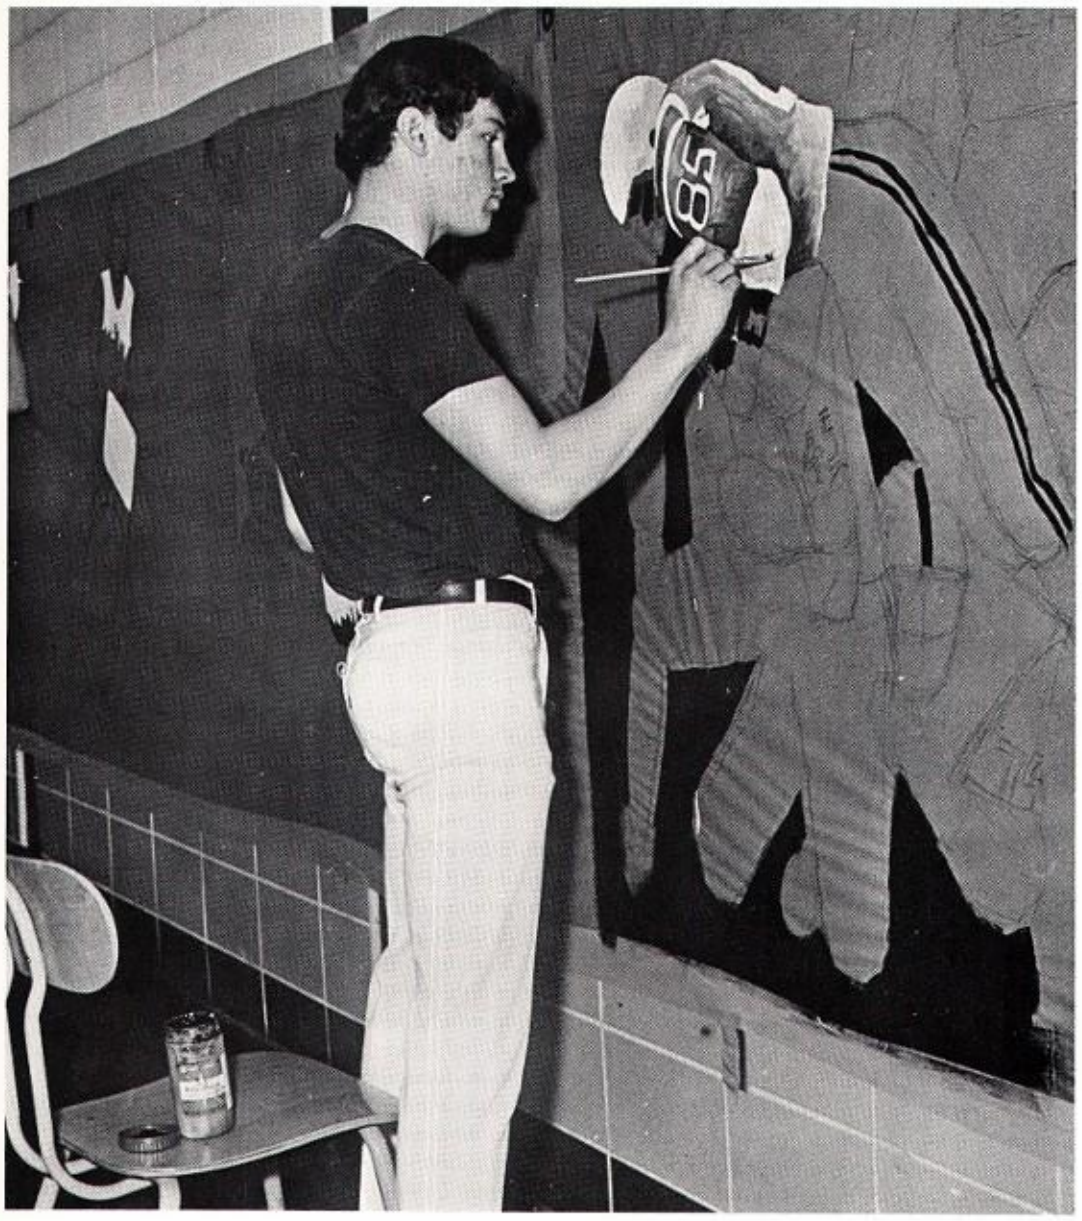
Abraxas

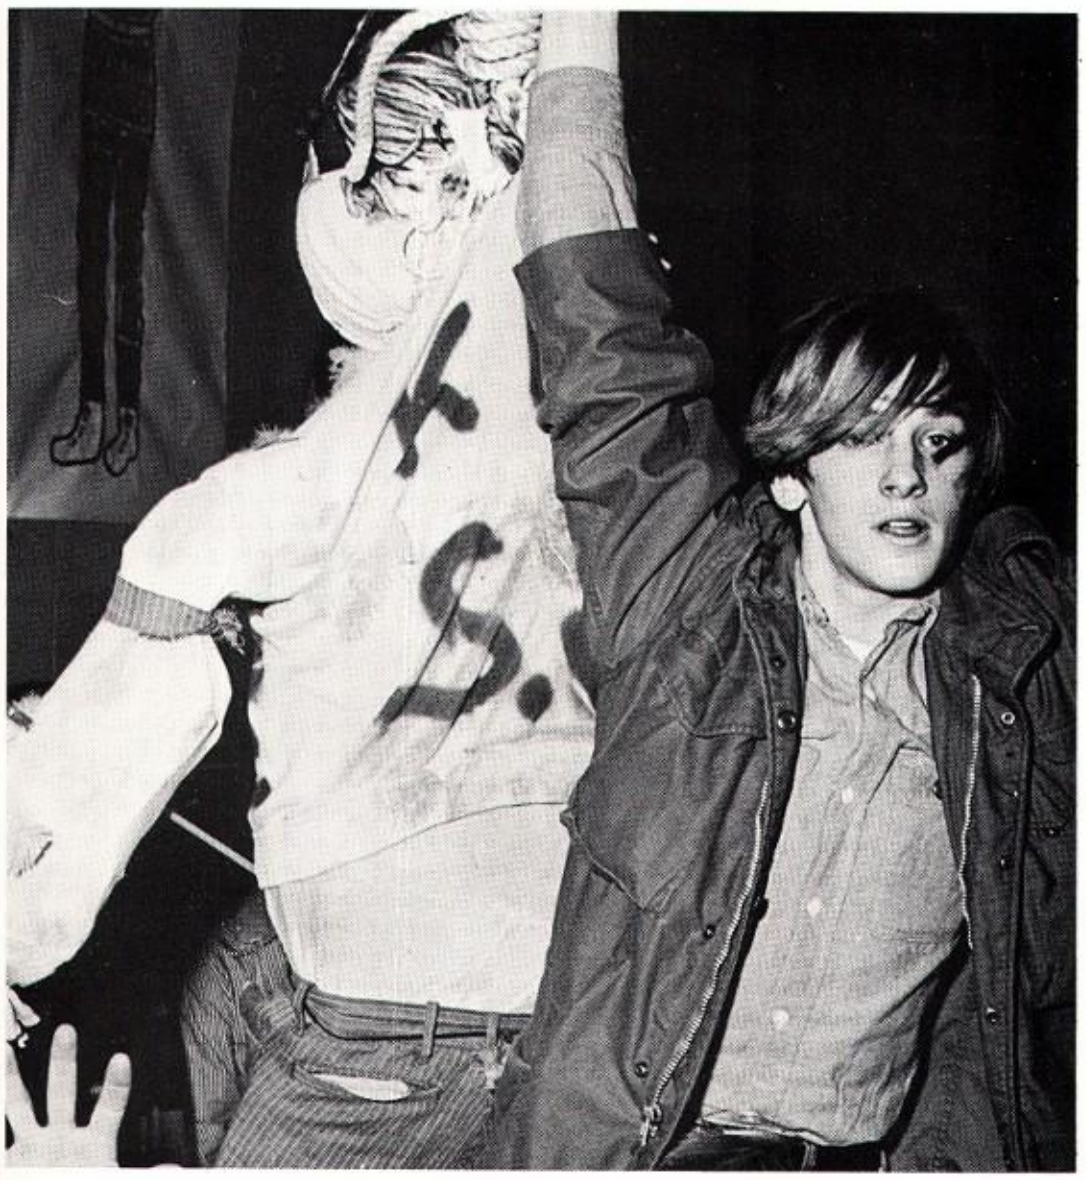
In my role this year as its President, the Senior Class became more a part of me spiritually than I was of it physically. I ran the gamut of emotions. My feeling for this year had the same kind of disturbing yet refreshing ambivalence that Emil Sinclair in the book **Demian** by Hermann Hesse had for his painting, "We stood before it and began to freeze inside from the exertion. We questioned the painting, berated it, made love to it, prayed to it: We called it mother, called it whore and slut, called it our beloved, called it Abraxas . . ."

Shawn Seegar









we are seniors
we stand
on the brink of a life
trembling on the edge
of freedom
we are not cold
we are not tired
we are not afraid
of life—
only anxious.
we want to reach out
and to care
and we are trying
to be authentic.
